Welcome to Nevada Advanced Pain Specialists!

We are committed to providing a comprehensive multi-disciplinary approach for each individual's pain complaints to ensure you receive the most appropriate care.

Every individual is evaluated for the root cause of their pain – not just a “quick fix” approach to only provide symptomatic relief. We employ a methodical and physical medicine oriented approach that includes analysis of biomechanics, joint motion, as well as skeletal, nerve and muscle tissues. Only the latest diagnostic tools and technologies are used by the professionals at Nevada Advanced Pain Specialists to make accurate assessments including: EMG/Nerve testing, MRIs, x-rays, bone scans, and diagnostic pain injections.

The most important information comes from you – the patient. Our providers will spend time asking questions and listening to you. We understand that your personal experiences with your pain represent some of the most important data available to us for accurate diagnosis and effective treatment.

Once an accurate diagnosis is reached, we will employ various modalities, physical therapy, medication management, and appropriate interventional techniques to treat your pain.

When pain is treated properly, the net result is a more active lifestyle, which will lead to a healthier, happier you!

Sincerely,

MEDICATION AGREEMENT & REFILL POLICY

As part of your treatment, our medical staff may prescribe medications for you. Many of these medications can have serious side effects if they are not managed properly. Your health and safety are very important to us, and we need your help to make sure your treatment follows our guidelines. If Nevada Advanced Pain Specialists has any questions regarding your healthcare, including medications, we reserve the right to contact your other treating Physicians, pharmacies, and hospitals.

Please initial next to each line item.

- 1 I recognize that my chronic pain represents a complex problem which may benefit from physical therapy, psychotherapy, and behavioral medicine strategies. I also recognize that my active participation in the management of my pain is essential. I agree to actively participate in all aspects of my treatment plan to maximize functioning and improve coping with my condition.
- 2 If it appears to the provider that there are no demonstrable benefits to my daily function or quality of life from the controlled substance, I will gradually taper my medication as directed by the prescribing provider.
- 3 I agree to follow the dosing schedule prescribed to me by my Physician, P.A. or APN.
- 4 I agree to **never** share my medications with others nor will I sell or exchange my medication for any reason.
- 5 I agree to **always** keep my medications safeguarded and within my control.
- 6 I agree to notify Nevada Advanced Pain Specialists if I experience any adverse effects or dosage problems with my prescribed medications. I will not discard any unused medication. Before any new medication can be prescribed, I must bring the unused medication to the Nevada Advanced Pain Specialists office for disposal.
- 7 I agree that if I receive narcotic medications from Nevada Advanced Pain Specialists I am **not** allowed to receive the same type of medications from another Physician (including the emergency room or clinic) without the express consent or consultation with Nevada Advanced Pain Specialists.
- 8 I agree to use only one pharmacy for my pain-related medications unless extenuating circumstances prevent this from being possible. In this event, I will notify Nevada Advanced Pain Specialists of all pertinent information pertaining to additional pharmacies, mail-order, or other sources.
- 9 I will count my pills that I receive from the pharmacy and will ensure that the proper amount is received. I understand that my Physician will not cover me for any shortage of medication. Any shortage found must immediately be discussed with the pharmacy upon receipt of the filled prescription.
- 10 I understand that medication refills involving narcotic pain medication will require a scheduled office visit with my prescribing Physician at Nevada Advanced Pain Specialists. **Narcotic pain medication refills will not be called into a pharmacy, nor will they be increased over the telephone.**
- 11 I agree to **keep all scheduled appointments. I understand no medications will be given for cancelled or no-show appointments.** I agree also to be prompt to my appointments and understand that if I am more than **15 minutes** late I will have to reschedule.
- 12 I understand that medication refills cannot be made after hours or on the weekend. The Nevada Advanced Pain Specialists refill hours are 8:00am – 2:00pm. Calls after 2:00pm will be addressed the following business day.
- 13 I agree to bring my medications from any other Physician's office to Nevada Advanced Pain Specialists for my office appointments.
- 14 I understand that I should not drive or operate heavy machinery while I am taking medications that may cause drowsiness or impaired cognitive function.
- 15 I understand that I am solely responsible for the safekeeping of my medication and I must treat my medications as I would my money or valuable possession. **The Nevada Advanced Pain Specialists Physician will under no circumstances replace LOST or STOLEN prescriptions or medications.**
- 16 I understand that my treatment at Nevada Advanced Pain Specialists may legally require a monthly visit so that my doctor can properly evaluate my progress, and/or adjust appropriate narcotic pain medications every 30 (thirty) days.

- ___ **17** I understand that abusive behavior or harassment toward any of the Nevada Advanced Pain Specialists staff will not be tolerated. Harassment includes, but is not limited to, more than 2 (two) phone calls to the office in one business day.

- ___ **22** I understand that if I do not adhere to any item on this agreement it will result in a mandatory referral to a Behavioral Health Specialist.
- ___ **23** I understand that a forged or falsified prescription will result in the immediate dismissal from Nevada Advanced Pain Specialists and possibly criminal proceedings as required by law.

KNOW YOUR INSURANCE PLAN

Your health insurance is based upon a contract between you and the insurance company, or in some cases, the insured party's employer and the insurance company. If your employer has selected your plan, it is customary for the employer to describe and discuss the benefits of the plan with the employee. It is the responsibility of the insurance company to provide supporting documentation (Plan Benefit Booklet) and the Enrollment Card of the insured.

It is the responsibility of the insured party who benefit from this plan, or who receives benefits from this insurance plan to know:

- The commencement date of the plan
- If there is an annual deductible, and how much
- Which hospital, laboratory, and radiology center the carrier is contracted with
- The amount of your co-payment

It is your responsibility to present the insurance card to the receptionist when checking in. It is also your responsibility to notify our office of any changes or termination of your plan.

The contract between the "Provider Service" (Physician) with any insurance company is:

- To provide quality medical care to the patients
- To submit the claim for service to the appropriate carrier in a timely fashion
- To give credit to the patient for any "contracted discount"
- To collect co-payments and other balances due from patient at time of service

If you ever have questions regarding your coverage, you will need to contact your employer or call the number listed on the back of your insurance card. Please refer to your Explanation of Benefits from your insurance company and your monthly statement from Nevada Advanced Pain Specialists.

We will bill services at the end of each work day. If you have provided information that is not accurate, we will be required to bill you directly. Changes made to your insurance information after the fact comes with a \$25.00 charge to you.
